

# BRUICHLADDICH LADDIE ORIGINS FÈIS ÌLE 2021

Celebrating 20 years of milestones with a series of our liquid firsts, our Laddie Origins recipe draws unpeated single malt from 13 casks, across 12 vintages, 6 barley types and 9 different cask types. Hand-selected by Adam, this recipe contains our first ever taste of biodynamically grown barley, which in itself is a Scotch single malt first! Triple distilled Bruichladdich as well as casks containing some of our oldest barley-exploration spirits have also been selected for this commemorative liquid journey.

While we cannot divulge the year of distillation for each component due to Scotch law, we can share the epic liquid attributes in three broad categories:

## SPIRIT FROM BRUICHLADDICH'S FIRST EVER:

### BIODYNAMIC CROP

Spirit distilled from biodynamically grown barley by Richard Gantlett at Yatesbury Farm, 1st fill bourbon cask

### X3 – TRIPLE DISTILLATION
